UNIVERSITY OF CINCINNATI

OFFICE OF THE PRESIDENT—McMICKEN HALL

50  
The seventh of August  
nineteen hundred and sixteen

Dear Doctor Chavez:

After going over the manuscript of "Education in Mexico" with the author, we want to thank you again for your kindness in examining and annotating the paper. Dr Winton, the author, has asked me to thank you very heartily for him. He will utilize practically all of your notes.

I am trying to get the United States Bureau of Education to publish this paper. I wish, therefore, that you might write to Dr P. P. Claxton, Commissioner of Education, Department of the Interior, Washington, D. C., and tell him that you have read the paper and find it correct in the main and calculated to do good. If you are free to do this, it would doubtless help Dr Claxton to reach a decision in the matter. He will know you as an authority on the history of education in Mexico, and will undoubtedly appreciate your opinion of the paper.

Very sincerely yours,

*Charles W. DeBuey*
